## Welcome!

**Star Group** is a leading fabrication company specializing in the production of high-quality steel components. With a strong focus on precision engineering and meticulous craftsmanship, we cater to a diverse range of industries, including oil and gas, power generation, and construction.

Our state-of-the-art facilities and experienced team enable us to deliver exceptional products that meet the highest industry standards.

**Star Group** also excels in providing comprehensive **fabrication** and **staffing solutions**, catering to both **domestic** and **international industries** with precision-engineered components and skilled manpower.

## About Us

Star Group is a leading fabrication company specializing in the production of high-quality steel components. With a strong focus on precision engineering and meticulous craftsmanship, we cater to a diverse range of industries, including oil and gas, power generation, and construction. Our state-of-the-art facilities and experienced team enable us to deliver exceptional products that meet the highest industry standards.

## Our Services

### Large-Capacity Fuel Tank Fabrication

We specialize in designing and manufacturing 90KL fuel tanks and other custom-sized tanks, ensuring optimal performance and durability.

### Steel Structure Fabrication

Our expertise extends to the fabrication of intricate steel structures, such as inspection platforms, railings, cooling furnace chambers, and heavy fixtures.

### Dish End Forming

We possess advanced techniques for forming dish ends of various sizes and shapes, meeting the stringent requirements of our clients.

### Heavy Fixture Manufacturing

Our skilled workforce can fabricate heavy-duty fixtures tailored to specific applications, providing robust and reliable solutions.

### Overhead Crane Fabrication and Export

We design, manufacture, and export high-quality overhead cranes, catering to the diverse needs of industries worldwide.

## Working Expertise and Capability

- ✓ **Skilled Workforce:** Our team of experienced engineers, technicians, and skilled workers possess in-depth knowledge and expertise in fabrication processes.
- ✓ **Quality Assurance:** We adhere to stringent quality control measures to guarantee the highest standards of product quality and reliability.
- ✓ **Customization:** We understand the unique needs of our clients and offer customized solutions to meet specific requirements.
- ✓ **Timely Delivery:** We prioritize timely delivery without compromising on quality.
- ✓ **Global Reach:** We have successfully exported products to various countries.

By leveraging our expertise and capabilities, we strive to be your trusted partner in providing innovative and reliable steel fabrication solutions.

### Journey

Established in 2016, Star Group Manpower identifies as a fast emerging leader in the fabrication & engineering industry.

## Star Group Manpower Product Range

### Solutions We Provide

- ✓ Reactors
- ✓ Autoclaves
- ✓ Piping
- ✓ High Pressure Bullets

- ✓ Gas Induction Reactors
- ✓ Reboilers
- ✓ Blenders
- ✓ Silos & Storage Tanks

- ✓ High Speed Mixers
- ✓ Columns / Crystallizers
- ✓ Tanks & Vessels
